

Amazon Performance Growth Partner

Complete Amazon Store, Ads & Ranking Management

Growth-Partner Model

Execution + Optimization + Scaling

Platform Focus

Amazon Seller Central (India)

OVERVIEW

Executive Summary

We move beyond simple ad management to provide a holistic, profit-driven approach for scaling your Amazon business.

End-to-End Ecosystem Management

We don't just run ads. We manage your entire store, listings, keywords, and analytics to ensure every part of the funnel works together effectively.

Profit-First Approach

Our strategy prioritizes net margins and ROAS over vanity metrics. We focus on sustainable ranking strategies that drive real, bankable profit.

Four-Pillar Methodology

Success requires integration. We synchronize Product Quality, Keyword Strategy, Ads Optimization, and Performance Management into one workflow.

Growth-Partner Model

We act as an extension of your team—executing, optimizing, and scaling your business rather than just providing a service.

Transparent Reporting

No black boxes. You get clear, honest reports on what's working, what isn't, and exactly where every rupee is spent.

“

"Most sellers fail because they focus on only one pillar. We manage all four together — systematically."

TARGET AUDIENCE

Who This Service Is Designed For

Ideal for businesses ready to move beyond "just running ads" to building a sustainable brand.

Active Sellers

Established sellers with listed products who are ready to scale operations but lack the bandwidth or advanced expertise to push to the next level.

Struggling Brands

Brands facing low sales, poor organic ranking, or fierce competition. We provide the strategic turnaround plan needed to regain market share.

Low ROAS Issues

Sellers running ads but not seeing profitable returns. We fix wasted spend, optimize bids, and focus on conversion to improve profitability.

Multi-SKU Businesses

Businesses with complex catalogs needing structured management. We treat every SKU as a separate business unit with its own strategy.

One Expert Partner

For those tired of managing multiple freelancers. We offer a unified, expert team for all aspects: Ads, SEO, Design, and Account Health.

OUR PHILOSOPHY

Core Philosophy: 4 Pillars of Success

Amazon success isn't accidental—it's engineered through the systematic integration of four critical pillars.

i "Most sellers fail because they focus on only one pillar. We manage all four together — systematically."

SERVICE OVERVIEW

Scope of Services

We manage, optimize, and scale your entire Amazon business ecosystem through six integrated service pillars.

01. Complete Store Management

We take full responsibility for your seller account.

Professional management to ensure your foundation is solid, compliant, and ready for scale.

Account Health

HEALTHY

988/1000

✓ Policy

✓ Shipping

✓ Customer Svc

- Seller Central Monitoring**
Daily dashboard checks, proactive alert handling, and case log management to ensure smooth operations.
- Account Health & Policy Compliance**
Regular audits of performance notifications and policy compliance to prevent suspension risks.
- Order & Performance Monitoring**
Tracking order defect rates (ODR), late shipment rates (LSR), and handling buyer-seller messages.
- Catalog Consistency**
Maintaining listing hygiene, fixing suppressed listings, and organizing parent-child variations.

PRIMARY GOAL

Stable, healthy account with zero operational issues.

02. Product & SKU Optimization

Each SKU is treated as a separate business unit.

We optimize every critical listing element to maximize visibility and conversion potential.

**SKU Research & Analysis**

Identifying high-potential vs. low-performing SKUs, analyzing margins, and prioritizing products for ads and ranking.

**Product Title (Headline Optimization)**

Crafting SEO-focused, keyword-rich, and conversion-oriented titles that capture buyer attention immediately.

**Bullet Points & Description**

Enhancing content with clear benefits, trust signals, buyer psychology, and structured readability.

**Backend Search Terms (Tags)**

Optimizing hidden backend keywords to improve discoverability for relevant search queries without cluttering the listing.

PRIMARY GOAL

Improve both organic ranking and ad conversion rate.

03. Keyword Research & Ranking

Ranking is not accidental – it is engineered.

Strategic keyword targeting and continuous optimization to capture high-intent traffic and dominate search results.

Keyword Movement

WEEKLY

"organic cotton sheets"

Vol: 12,000

#12 → #3 ▲

"soft bed linen"

Vol: 4,500

#24 → #8 ▲

Comprehensive Keyword Research
Identifying high-intent primary keywords, long-tail opportunities, and analyzing competitor keywords.

Opportunity Mapping
Mapping keyword difficulty against potential volume and assigning specific keywords to relevant SKUs.

Ranking Strategy Execution
Controlled ranking push campaigns utilizing synergy between organic SEO and paid advertising.

Continuous Tracking
Ongoing monitoring of keyword movement and share-of-voice to adapt strategies in real-time.

PRIMARY GOAL

Increase product visibility and sustainable organic sales.

04. Amazon Ads Management

Profit-first ad management, not just random spending.

We optimize campaigns to scale profitable keywords while ruthlessly cutting wasted ad spend.

Optimization Goal

MAXIMIZE ROAS

ACoS

ROAS

Target ACoS
< 25%

Ad Types
SP, SB, SD

Full-Funnel Campaign Strategy

Expert management of Sponsored Products, Sponsored Brands, and Sponsored Display (if applicable) using manual and auto targeting.

Precision Keyword Bidding

Continuous search term mining to find high-intent keywords and adjusting bids to maximize visibility for profitable terms.

Negative Keyword Implementation

Aggressively adding negative keywords to eliminate wasted spend on irrelevant clicks and lower your ACoS.

Scaling & Ranking Protection

Scaling budget on winning campaigns to drive volume while ensuring organic ranking is protected and not cannibalized.

PRIMARY GOAL

Drive consistent sales without destroying margins.

05. Competitor Analysis & Intelligence

We continuously analyze your competitors to keep you ahead.

Data-driven insights to sharpen differentiation, capture market share, and outperform rival listings.

Competitor Pricing Analysis

Benchmarking pricing strategies and promotion cycles to ensure your offer remains attractive and competitive.

Keyword Overlap Analysis

Identifying high-volume keywords where competitors rank but you don't, uncovering missed traffic opportunities.

Listing Quality Comparison

Auditing competitor images, bullet points, and A+ content to ensure your listing converts better.

Offer Positioning Insights

Analyzing competitor reviews and weaknesses (negative sentiments) to highlight your unique value propositions.

PRIMARY GOAL

Ensure your products are competitively positioned.

06. Performance Monitoring

Amazon growth is a continuous process, not a one-time task.

We continuously analyze data to refine bids, scale winners, and cut waste, ensuring long-term profitability.

Optimization Goal

WEEKLY CYCLE

Sales

ROAS

ACoS

Daily & Weekly Monitoring

Tracking sales revenue, ad spend vs. returns, keyword movement, and identifying new SKU performance trends.

Monthly Strategy Optimization

Scaling winning products, pausing non-performing strategies, and refining bids/budgets based on data.

Comprehensive KPI Tracking

Monitoring ACoS, ROAS, CTR, CVR, CPC, and the healthy mix between organic and paid sales.

Data-Driven Iteration

Continuously updating the growth roadmap and action plans based on real-time market feedback.

PRIMARY GOAL

Drive consistent sales without destroying margins.

Important Notes & Expectations

Key Realities of Amazon Growth

We value honesty over hype. Here is what you need to know for a successful partnership.

Holistic Dependencies
Growth relies on product quality, competitive pricing, reviews, and supply.

No Fake Guarantees
We do not offer unrealistic promises. We promise data-driven execution.

Ranking Takes Time
Organic ranking improvements require consistent effort, budget, and patience.

Iterative Marketing
Performance marketing is not instant. It involves testing, learning, and refining.

Growth Timeline

Phase 1: Foundation
Audit, cleanup, and initial data gathering. (Month 1-2)

Phase 2: Scale
Aggressive optimization and profitable scaling. (Month 3+)

Sustainable Growth

"Short-term hacks damage long-term potential. We focus on building a resilient, profitable brand asset."

OUR VALUE PROPOSITION

Why Work With Us

We move beyond standard agency models to become a true growth partner for your Amazon business.

End-to-End Management

We manage the entire ecosystem—Store Health, Listings, Ads, and Strategy—so you don't have to juggle multiple freelancers or tools.

Data-Driven Approach

We treat every SKU as a separate business unit. Our decisions are based on deep margin analysis and potential, not guesswork.

Ranking + Ads Synergy

We don't just spend budget; we engineer ranking. Our ad strategies are designed to push organic visibility for long-term compounding growth.

Transparent Pricing & Reporting

No hidden fees or vague metrics. We provide clear, honest reporting on where your money goes and exactly what results it drives.

Growth-Partner Mindset

We align our success with yours. We act as an extension of your team, proactively finding opportunities rather than waiting for instructions.

Let's build a profitable, scalable Amazon business — **together.**

Stop just running ads. Start building a brand. We are ready to be your long-term growth partner.
